Subject: RE: FTP Access

I can get to the site but there is nothing there. I go to this site you sent.

https://sftp.phmsa.dot.gov/

Here is the screen I get (scroll left I have two screens and it is also showing my email).

So it doesn't seem to me that it is a firewall problem because I am getting in. Ann

Ex. 5; Ex. 6

Subject: RE: FTP Access

I'm able to get to the site inside and outside of our network so I know it's working fine.
Is there another machine you can use for testing?

It should re-direct you to this page then you have to type in your logon credentials.

Subject: RE: FTP Access

When I go there, I don't find anything. Should I be typing in something?

Miguel,

I just received the message below from Meredith Wright (guessing Ann Whelan may have same problem) can you help them please or have full info resent?

Thanks, Ed

Hi Ed,

I was just going to email. I have a user name and a password, but I do not have a link. It looks like half the message was cut off. Please advise.

Meredith,

Hopefully you received an email from Globalscape and have been able to access Enbridge's new facility response plans on our FTP Site. Please let me know if you have any problems or questions. If you can get your comments to me by May 15 it would be greatly appreciated. Thanks for your help.

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
